Dear Duncan,

Three months have passed since our last newsletter and we have been keeping the bus wheels turning! If it wasn't Canada's Double Portion hitting the road, it was Cities Under Fire spreading their wings and touring. Between both bands Duncan only spent 24 days at home during August, September and October. God certainly was faithful though! Check out the happenings!!

Tales from the Tour!

Dunk of Disastor! - Minutes before our performance at Silver Streams Gospel Jamboree near Steinbach,

Manitoba, Jardeth decided to be a basketball superstar! On his way down from a slamdunk he lost his footing and landed with his weight on one of his fingers on his chording hand. It squished blood out the end of his finger and it instantly began to swell, turn blue and throb!! He gritted his teeth and did his best to perform up to par. This goes to prove he has chosen the right career.

You came just for me! - A pastor offered to fill up our bus with diesel fuel the morning after our concert at his church. I had been waiting to fill at a local Flying J Truckstop and was running quite low and suggested he "might want to put a limit on it". The next morning he gladly filled the bus with 137.3 US gallons of diesel fuel. I was thanking him before I left and he told me "If you came for no one else last night you came for me. It was like the Lord opened the windows of Heaven and poured out on me". He didn't know that the night before I had stood on the stage wondering if we were making any difference at all. It was a great encouragement and I went in the bus and told the family "we need to continue doing what we do no matter how we feel and the Lord will do the work. He is always faithful!".

Cities Under Fire Tour - Duncan spent 17 days in October running sound and driving bus for CUF.

Bus Repair

A mechanic discovered play on the bull gear in our Detroit 60 Series engine just as we were preparing to leave for the Dickinson Crusade. This meant a mad rush to implement plan B which was 3 vehicles loaded to the hilt!! Praise the Lord we made it in time!

Parts: \$2796.33
Labor: \$3080.00
Total cost: \$6925.39

Repairs: New bull gear and bearings, New air compressor, New pinion seal, New engine serpentine belt tensioner

Thank you for considering Canada's Double Portion in your year end financial giving!!

Thank you for all your prayers and financial support!!
They make a tremendous difference in the

continuation of this ministry!!

Because of His Call,
